Step 1 — Replacing Flip Cover

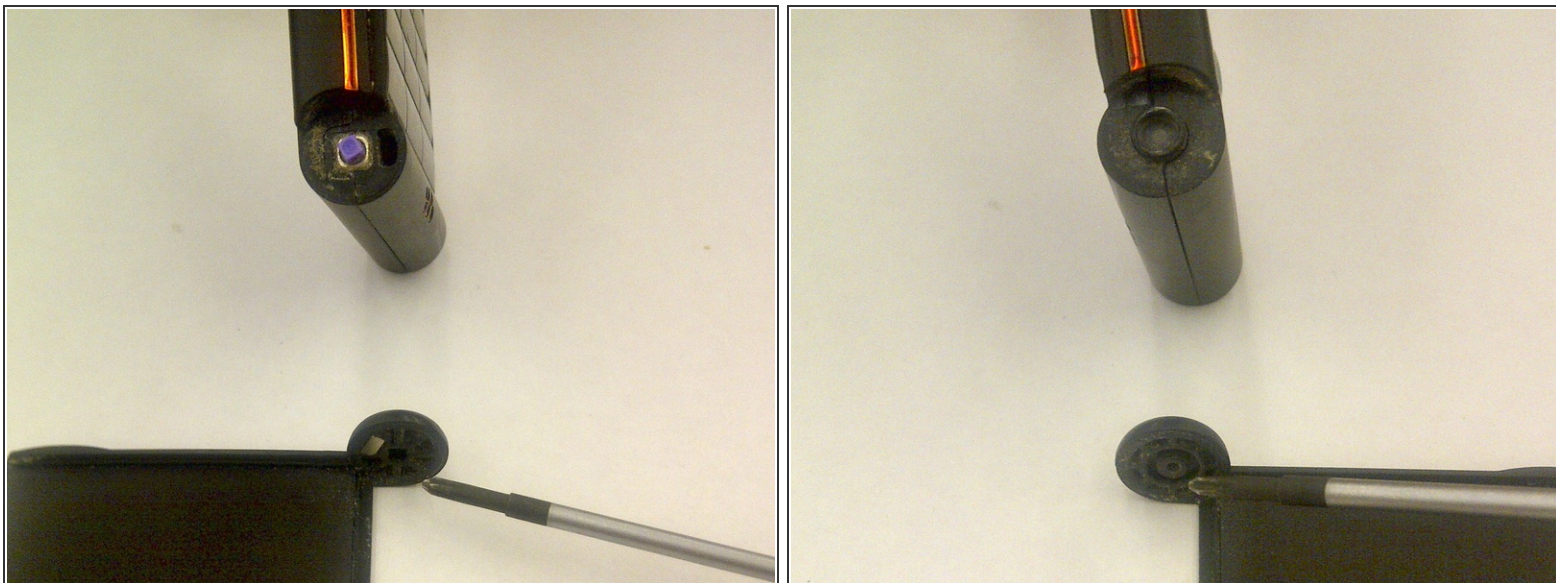

- Place prybar in the bottom of phone in crevice between flap to remove flip cover.

Step 2

- Remove cover with a slight twisting motion. This is what the phone will look like after cover is removed.

Step 3

- To replace flip cover, repeat removal steps in an opposite order; be sure to connect the new cover by matching the square side of the cover to the square side of the phone base and the circle side of the cover to the circle side of the phone base.

To reassemble your device, follow these instructions in reverse order.
